## ZWISCHENBACHALM BY BUCCARA

Spend unforgettable days in the Zwischenbachalm in Westendorf in every season. The modern but very cozy furnished Almlodge amid the Kitzbühel Alps will impress you with its rustic atmosphere and its wonderful location. The house was refurbished in 2013 and has 2 bedrooms and 4 other sleeping arrangements accommodate for a total of 8 people. The spacious outdoor area which offers incredible views of the Kitzbühel Alps invites you to sit together and relax. The rustic kitchen has ample space for cooking evenings to discover the culinary diversity of Austria. At the complete renovation of the hut they placed great emphasis on the use of exclusively natural materials from the region in order to preserve the original character.

Despite the peaceful and idyllic location of Zwischenbachalm it is not far to the center of Westendorf, Kitzbühel, a modern winter sports region with traditional values for sports lovers and connoisseurs, is only 20 km away. Even in summer the region around the Seebichlweg offers a multi-faceted variety of opportunities for leisure activities. In addition to sporting activities such as mountain biking on the Kitzbüheler Horn or hiking on one of the many trails it offers you the opportunity to stroll through the streets of the 700 year old Old Town past international designer boutiques and quaint Tirolean inns.

## DESTINATION HIGHLIGHTS

### MOUNTAIN HIKE TO BRECHHORN 2,019 M

Brechhorn with its 2,019 m is one of the most popular hiking destinations around Westendorf. The many different ways of conquering the summit make it interesting not only to athletic summiteers but also to families. Apart from the wonderful views of the surrounding peaks of Brixental valley, the Kreuzjöchelsee lake at the foot of the Brechhorn beckons to put in a break. Right below the lake, at the Brechhornhaus mountain inn, you can recall your impressions from the mountain hike while taking a break.

### CYCLING AND MOUNTAINBIKING IN BRIXENTAL VALLEY

The one-hundred kilometer long cycle path network in Brixental Valley is suitable for leisurely riders as well as the more ambitious. The mountainbike routes with 32,296 meters difference in altitude add up to more than 812.35 kilometers. No matter if you're riding with the family on paved circuits or on singletrails riddled with roots for the more extreme bikers: the dram backdrop of the Wilder Kaiser, Kitzbüheler Horn and Großer Rettenstein is there for all to enjoy.

### TOBOGGANING IN WESTENDORF

#### From Talkaser to the Schrandlhof

The toboggan run for the whole family! Tobogganing is an „absolute must“ for fun away from the ski slopes, for both young and old, large and small. Westendorf's natural toboggan run, with a distance of 7.5 kilometres, belongs to one of the longest toboggan runs in the region.
