Oasia Hotel Downtown, Singapore, a 27-storey designer business hotel, is the latest addition to Far East Hospitality's expanding hospitality portfolio.

Set against an urban landscape of concrete, steel and glass, the building stands out with a unique silhouette covered by a lush green façade that is a massive vertical garden. This greenery is enhanced by alternating 30-metre tall sky terraces and sleek architectural details to form a tropical skyscraper in the Central Business District.

The hotel is located in the downtown Tanjong Pagar area which is set to be transformed into Singapore's next waterfront city with a hive of business, commercial and residential activities. With Tanjong Pagar MRT Station right at the hotel's doorstep, guests are minutes away from Raffles Place, Clarke Quay, Sentosa, Orchard Road and Marina Bay.

Experience an aura of living, breathing lushness like no other at Oasia, your tropical resort in the city.
